

Fibrinogen Degradation Products in Pleural Effusions by <i>O. G. Raja and I. F. Casson</i>	164
An Evaluation of Cusum Analysis in Asthma by <i>D. M. Mitchell, J. V. Collins and J. Morley</i>	169
Beclomethasone Dipropionate in Asthma: A Comparison of Two Methods of Administration by <i>S. S. Chatterjee and A. G. Butler</i>	175
Pneumothorax Associated with Bronchial Carcinoma by <i>J. G. Ayres, D. W. Pitcher and P. J. Rees</i>	180
Treatment of Endobronchial Amyloidosis by Intermittent Bronchoscopic Resection by <i>A. F. S. Flemming, A. J. Fairfax, A. G. Arnold and D. J. Lane</i>	183
Pulmonary Infection Caused by <i>Mycobacterium gordonae</i> by <i>U. Nanda Kumar and Basil Varkey</i>	189
Cystic Thymoma Simulating Pulmonary Stenosis by <i>A. S. Soorae and H. M. Stevenson</i>	193
Pleuropulmonary Infection due to <i>Corynebacterium striatum</i> by <i>Thomas S. Bowstead and Silverio M. Santiago</i>	000
Hypercalcaemia and Hypercalciuria Associated with Pulmonary Tuberculosis by <i>N. McL. Johnson and G. Schneerson</i>	201
Unusual Presentations of Pleural Sarcoidosis by <i>Daniel J. Kanada, David Scott and Om P. Sharma</i>	203
Effectiveness of BCG Vaccination in Great Britain in 1978: <i>A Report from the Research Committee of the British Thoracic Association</i>	215
A Study of Infective and Other Factors in Exacerbations of Chronic Bronchitis by <i>Valentine U. McHardy, J. M. Inglis, Margaret A. Calder, J. W. Crofton, I. Gregg, D. A. Ryland, P. Taylor, Maureen Chadwick, Doreen Coombs and R. W. Riddell</i>	228
Ciliary Motility in the 'Immotile Cilia Syndrome' by <i>Mogens Pedersen and Niels Mygind</i>	239
Pulmonary Leiomyosarcomas by <i>P. G. M. Morgan and J. Ball</i>	245
The Value of a Wide Range of Tests in the Assessment of Lung Function in Carcinoma of the Bronchus by <i>P. Lockwood, M. H. Lloyd and G. V. Williams</i>	253
Comparison of Atropine with Ipratropium Bromide in Patients with Reversible Airways Obstruction Unresponsive to Salbutamol by <i>P. Sherwood Burge, Mark G. Harries and Elizabeth I'Anson</i>	259
Upper Lobe Fibrosis and Cavitation in Rheumatoid Disease by <i>G. R. Petrie, P. Bloomfield, I. W. B. Grant and G. K. Crompton</i>	263
Comparison of Fenoterol and Terbutaline Administered by Intermittent Positive Pressure Breathing by <i>J. Carmichael, P. Bloomfield and G. K. Crompton</i>	268
Bronchoalveolar Lavage for the Preparation of Free Lung Cells: Techniques and Complications by <i>Peter Cole, Charles Turton, Heather Lanyon and John Collins</i>	273
Cigarette Smoking in Asthma by <i>T. W. Higenbottam, C. Feyerabend and T. J. H. Clark</i>	279
Modification to the Technique of Percutaneous Pleural Biopsy using Abram's Needle by <i>O. G. Raja and A. J. Lalor</i>	285
Diagnosis of <i>Nocardia</i> Pneumonia by Transtracheal Aspiration by <i>J. M. Schneerson, J. A. Cohen and E. L. Teare</i>	287

Widespread Panacinar Emphysema with Alpha-1-antitrypsin Deficiency by <i>Peter d'Almaine Semple, Colin Brown Reid and William Douglas Thompson</i>	289
Pulmonary and Pleural Involvement in Angio-immunoblastic Lymphadenopathy by <i>David Siegler and Simon Winner</i>	296
Cerebral Aspergilloma in a Patient with Allergic Bronchopulmonary Aspergillosis by <i>I. D. Starke and E. E. Keal</i>	301
Treatment of a Ruptured Hydatid Cyst of Lung with Mebendazole by <i>P. P. Mulhall</i>	306
A Pathological Study Following Bronchial Artery Embolization for Haemoptysis in Cystic Fibrosis by <i>A. J. Fairfax, J. Ball, J. C. Batten and B. Heard</i>	345
Ultrasound in the Diagnosis and Management of Pleural Disease by <i>D. J. Lipscomb and C. D. R. Flower</i>	353
Endothelial Cell Pavement Pattern in the Pulmonary Trunk in Rats in Chronic Hypoxia by <i>Ally H. Kombe, Paul Smith, Donald Heath and Robert Biggar</i>	362
Tuberculosis of Superficial Lymph Nodes by <i>G. D. Summers and M. W. McNicol</i>	369
Active Pulmonary Tuberculosis Discovered at Post-mortem Examination of the Lungs of Black Miners by <i>G. K. Shuis-Cremer</i>	374
Amoxycillin versus Ampicillin in Treatment of Exacerbations of Chronic Bronchitis by <i>A. D. Mackay</i>	379
Aminophylline, Salbutamol and Combined Intravenous Infusions in Acute Severe Asthma by <i>W. V. Evans, R. D. H. Monie, J. Crimmins and A. Seaton</i>	385
Preoperative Carcinoembryonic Antigen and Survival after Resection of Lung Cancer by <i>T. C. Stokes, J. F. S. Stevens, P. Long, E. Lockey and A. L. Miller</i>	390
Training Aid for Pressurized Inhalers by <i>Ashley Woodcock</i>	395
A Controlled Trial of Ketitofen in Exercise-induced Asthma by <i>A. R. Tanser and J. Elmes</i>	398
Rifampicin-induced Porphyria Cutanea Tarda by <i>J. W. Millar</i>	405
Acute Gouty Arthritis Following Ethambutol Therapy by <i>B. K. Khanna</i>	409
Spontaneous Pneumothorax in Hodgkin's Disease by <i>P. N. Plowman, D. E. Stableforth and K. M. Citron</i>	411
<i>Short Communications</i>	
Prednisolone Pharmacokinetics in Asthmatic Patients by <i>C. S. May, J. A. Caffin, J. W. Halliday and F. Bchner</i>	91
Genetic Basis of Sex Differences in the Prevalence of Asthma by <i>Bonnie Sibbald</i>	93
Propranolol and Giving Up Smoking by <i>M. J. B. Farebrother, Sarah J. Pierce, P. Turner and D. R. Appleton</i>	95
Is Indoramin Useful in the Treatment of Bronchial Asthma? by <i>A. J. Dyson, Elizabeth A. Hills, A. D. Mackay and J. B. Woods</i>	403
<i>Book Reviews</i>	97, 206, 323, 427
<i>British Thoracic Association</i>	211, 309, 415
<i>Index of Authors</i>	430
<i>Subject Index</i>	438

INDEX OF AUTHORS TO VOLUME 74

- Allen, C. J.**, Two years' experience of anti-tuberculous chemoprophylaxis in Asian immigrants, 310
- Anderson, G.**, Monoagent VP 16/213 in advanced lung cancer and an unsuspected marrow toxicity in combination chemotherapy, 313
- Anderson, G.**, The effects of fenoterol, ipratropium bromide and their combinations in asthma and chronic bronchitis, 416
- Appleton, E. R.**, Propranolol and giving up smoking, 95
- Arnold, A. G.**, Treatment of endobronchial amyloidosis by intermittent bronchoscopic resection, 183
- Ayres, J. G.**, Pneumothorax associated with bronchial carcinoma, 180
- Balkenhol, S.**, Ventilatory response to transient hyperoxia in head injury hyperventilation, 319
- Ball, J.**, Pulmonary leiomyosarcoma, 245
- Ball, J.**, A pathological study following bronchial artery embolization for haemoptysis in cystic fibrosis, 345
- Bamber, May**, Sweat tests in the diagnosis of cystic fibrosis in adults, 419
- Batson, G. A.**, Tuberculosis in North Lincolnshire (South Humberside), 424
- Batten, J. C.**, A pathological study following bronchial artery embolization for haemoptysis in cystic fibrosis, 345
- Batten, J. C.**, Sweat tests in the diagnosis of cystic fibrosis in adults, 419
- Beldon, Irene**, Sweat tests in the diagnosis of cystic fibrosis in adults, 419
- Bellamy, D.**, Lung disease in Marfan's syndrome, 321
- Bernstein, A.**, Gastro-oesophageal reflux and bronchial carcinoma, 420
- Bierman, C. W.**, Oral prophylaxis of exercise-induced asthma: a study of two new drugs, 319
- Biggar, Robert**, Clara cells in llamas born and living at high altitudes, 75
- Biggar, Robert**, Endothelial cell pavement pattern in the pulmonary trunk in rats in chronic hypoxia, 362
- Blainey, A. D.**, The penetration of cefuroxime into pleural fluid, 416
- Bloomfield, P.**, Upper lobe fibrosis and cavitation in rheumatoid disease, 263
- Bloomfield, P.**, Comparison of fenoterol and terbutaline administered by intermittent positive pressure breathing, 268
- Bochner, F.**, Prednisolone pharmacokinetics in asthmatic patients, 91
- Boobis, S. W.**, An evaluation of sustained-release aminophylline in exercise-induced asthma, 420
- Bowstead, Thomas T.**, Pleuropulmonary infection due to *Corynebacterium striatum*, 198
- Bowyer, Frances**, Monoagent VP 16/213 in advanced lung cancer and an unsuspected marrow toxicity in combination chemotherapy, 313
- British Thoracic Association**, Effectiveness of BCG vaccination in Great Britain in 1978, 215
- Brown, D. J.**, Is the inspiratory limb of the flow-volume loop worth recording?, 421
- Burge, Sherwood P.**, Comparison of atropine with ipratropium bromide in patients with reversible airways obstruction unresponsive to salbutamol, 259
- Butland, R. J. A.**, Chronic bronchial suppuration and inflammatory bowel disease, 311
- Butler, A. G.**, Beclomethasone dipropionate in asthma: a comparison of two methods of administration, 175
- Caffin, J. A.**, Prednisolone pharmacokinetics in asthmatic patients, 91
- Calder, Margaret A.**, A study of infective and other factors in exacerbations of chronic bronchitis, 228
- Calverley, P. M. A.**, Carbon monoxide and walking distance in chronic bronchitis and emphysema, 320
- Campbell, I.**, Ipratropium bromide by nebulizer: a pilot study, 316
- Campbell, I.**, Investigation of an outbreak of humidifier fever in a hospital operating theatre, 317
- Campbell, I. A.**, The place and efficacy of treatment in pulmonary infections due to *Mycobacterium avium-intracellulare*, 317
- Campbell, I. A.**, Six months chemotherapy in pulmonary tuberculosis: a controlled trial by the British Thoracic Association, 415
- Campbell, I. A.**, The penetration of cefuroxime into pleural fluid, 416
- Campbell, I. A.**, A comparison of aerosol and powder inhalation of beclomethasone, 419
- Campbell, Richard M.**, Sound transfer function of the congested canine lung, 23
- Carmichael, J.**, Comparison of fenoterol and terbutaline administered by intermittent positive pressure breathing, 268
- Casson, I. F.**, Fibrinogen degradation products in pleural effusions, 164
- Chadwick, Maureen**, A study of infective and other factors in exacerbations of chronic bronchitis, 228
- Chatterjee, S. S.**, Beclomethasone dipropionate in asthma: a comparison of two methods of administration, 175

IN
DECK

MI

- Chatterjee, S. S.**, Efficacy of nifedipine in the treatment of angina pectoris and chronic airways obstruction, 417
- Child, Ann**, Lung disease in Marfan's syndrome, 321
- Citron, K. M.**, Chronic bronchial suppuration and inflammatory bowel disease, 311
- Citron, K. M.**, Lung disease in Marfan's syndrome, 321
- Citron, K. M.**, Spontaneous pneumothorax in Hodgkin's disease, 411
- Clark, T. J. H.**, Acute effects of smoking a single cigarette on the airway resistance and the maximal and partial forced expiratory flow volume curves, 37
- Clark, T. J. H.**, Cigarette smoking in asthma, 279
- Clark, T. J. H.**, Sleep apnoea in diabetic patients with autonomic neuropathy, 422
- Clarke, S. W.**, A comparison of biopsy results using rigid and fiberoptic bronchoscopes, 81
- Cobley, A.**, Oral prophylaxis of exercise-induced asthma: a study of two new drugs, 319
- Cochrane, G. M.**, Sleep apnoea in diabetic patients with autonomic neuropathy, 422
- Cockcroft, A.**, Investigation of an outbreak of humidifier fever in a hospital operating theatre, 317
- Cohen, J. A.**, Diagnosis of *Nocardia* pneumonia by transtracheal aspiration, 287
- Cole, Peter**, Bronchoalveolar lavage for the preparation of free lung cells: techniques and complications, 273
- Cole, P.**, Chronic bronchial suppuration and inflammatory bowel disease, 311
- Cole, R. B.**, Flow-volume indices obtained with a Vitalograph spirometer, 421
- Collins, J. V.**, An evaluation of cusum analysis in asthma, 169
- Collins, J. V.**, A comparison of fiberoptic bronchoscope transbronchial lung biopsy with other techniques in the diagnosis of sarcoidosis, 320
- Collins, J. V.**, Prednisolone metabolism and chronic blood gas disturbance, 422
- Collins, John**, Bronchoalveolar lavage for the preparation of free lung cells: techniques and complications, 273
- Connellan, S. J.**, Reversal of inspiratory airflow obstruction after nebulized salbutamol: its importance in patients with irreversible expiratory airflow obstruction, 417
- Coombs, Doreen**, A study of infective and other factors in exacerbations of chronic bronchitis, 228
- Crawford, A. D.**, Systematic amyloidosis complicating cystic fibrosis, 84
- Crimmins, J.**, Aminophylline, salbutamol and combined intravenous infusions in acute severe asthma, 385
- Crofton, J. W.**, A study of infective and other factors in exacerbations of chronic bronchitis, 228
- Crompton, G. K.**, Upper lobe fibrosis and cavitation in rheumatoid disease, 263
- Crompton, G. K.**, Comparison of fenoterol and terbutaline administered by intermittent positive pressure breathing, 268
- Dally, M.**, Chemotherapy with three drugs in the treatment of small-cell carcinoma of the bronchus, 311
- Dally, M. B.**, Epipodophyllotoxin (VP-16/213) in small-cell carcinoma of the bronchus resistant to initial combined chemotherapy, 312
- Davies, B. H.**, The effect of anticholinergic and H₁ receptor blockade on exercise-induced asthma, 315
- Davies, B. H.**, Studies on the aerobiology of grass pollen, skin test reactions and desensitization in hay fever with limited extract vaccines, 318
- Davies, D.**, Non-malignant pleural disease and asbestos, 418
- Davies, D.**, Legionnaires' disease—a review, 425
- Davies, Robert J.**, Response of the lung airway to exercise testing in asthma and rhinitis, 155
- Davies, R. J.**, Diagnosis and management of pulmonary aspergillosis in patients with acute leukaemia, 415
- Davies, R. J.**, An evaluation of sustained-release aminophylline in exercise-induced asthma, 420
- Davies, R. J.**, A comparison of erythromycin, co-trimoxazole and amoxycillin in patients with acute exacerbations of chronic bronchitis admitted to hospital, 416
- Davis, Gary L.**, Sound transfer function of the congested canine lung, 23
- Delwiche, J. P.**, Controlled trial of the effect of repeated administration of ipratropium bromide on ventilatory function of patients with severe chronic airways obstruction, 135
- Denison, D.**, Lung disease in Marfan's syndrome, 321
- Denison, D. M.**, Is the inspiratory limb of the flow-volume loop worth recording?, 421
- Dimario, U.**, The detection and significance of immune complexes and autoantibodies in lung cancer, 313
- Donnerberg, Roy L.**, Sound transfer function of the congested canine lung, 23
- Doyle, L.**, Some considerations of hypertrophic osteoarthropathy, 314
- Druzgalski, Christopher K.**, Sound transfer function of the congested canine lung, 23
- Dunlop, L. S.**, In vitro evidence of H₂ receptors in human bronchitis and their role in allergic bronchospasm, 314
- Dyson, A. J.**, Two oral beta-adrenergic stimulant drugs, pirbuterol and salbutamol, in reversible airways obstruction, 70
- Dyson, A. J.**, BTA study of beclomethasone dipropionate plus salbutamol, 321
- Dyson, A. J.**, Is indoramin useful in the treatment of bronchial asthma?, 403
- Edwards, J.**, Investigation of an outbreak of

- humidifier fever in a hospital operating theatre, 317
- Edwards, R. H. T.**, A computer simulation of physiological factors contributing to hypoventilation and breathlessness in cardiac patients, 47
- Efthimiou, J.**, Prednisolone metabolism and chronic blood gas disturbance, 422
- Elmes, J.**, A controlled trial of ketotifen in exercise-induced asthma, 398
- Emerson, C. J.**, A comparison of fiberoptic bronchoscope transbronchial lung biopsy with other techniques in the diagnosis of sarcoidosis, 320
- Engler, C.**, Intranasal flunisolide, placebo and beclomethasone dipropionate in perennial rhinitis, 32
- Evans, A.**, Flow-volume indices obtained with a Vitalograph spirometer, 421
- Evans, W. V.**, Aminophylline, salbutamol and combined intravenous infusions in acute severe asthma, 385
- Fairfax, A. J.**, Treatment of endobronchial amyloidosis by intermittent bronchoscopic resection, 183
- Fairfax, A. J.**, A pathological study following bronchial artery embolization for haemoptysis in cystic fibrosis, 345
- Farebrother, M. J. B.**, Propranolol and giving up smoking, 95
- Fawcett, I. W.**, A comparison of erythromycin, co-trimoxazole and amoxycillin in patients with acute exacerbations of chronic bronchitis admitted to hospital, 416
- Ferrari, Vitorio**, Long-term acetylcysteine in chronic bronchitis: pointers from a randomized multi-centre trial, 318
- Feyerband, C.**, Acute effects of smoking a single cigarette on the airway resistance and maximal and partial forced expiratory volume flow curves, 37
- Feyerband, C.**, Cigarette smoking in asthma, 279
- Finnegan, O. C.**, The penetration of cefuroxime into pleural fluid, 416
- Finnegan, O. C.**, A comparison of aerosol and powder inhalation of beclomethasone, 419
- Flemming, A. F. S.**, Treatment of endobronchial amyloidosis by intermittent bronchoscopic resection, 183
- Flenley, D. C.**, Carbon monoxide and walking distance in chronic bronchitis and emphysema, 320
- Flower, C. D. R.**, Ultrasound in the diagnosis and management of pleural disease, 353
- Freedman, Bernard J.**, Sulphur dioxide in food and beverages: its use as a preservative and its effect on asthma, 128
- Geddes, D. M.**, Lung cancer: assessment of the results of chemotherapy, 311
- Geddes, D. M.**, Chemotherapy with three drugs in the treatment of small-cell carcinoma of the bronchus, 311
- Geddes, D. M.**, Epipodophyllotoxin (VP-16/213) in small-cell carcinoma of the bronchus resistant to initial combined chemotherapy, 312
- Girling, D. J.**, Hong Kong Chest Service/Tuberculosis Research Centre Madras/British Medical Research Council study of three-month and two-month regimens for smear-negative pulmonary tuberculosis: results up to 30 months, 309
- Gough, S. E.**, Reversal of inspiratory airflow obstruction after nebulized salbutamol: its importance in patients with irreversible expiratory airflow obstruction, 417
- Grant, I. W. B.**, Upper lobe fibrosis and cavitation in rheumatoid disease, 263
- Green, Malcolm**, Response of the lung airway to exercise testing in asthma and rhinitis, 155
- Green, M.**, Flow-volume indices obtained with a Vitalograph spirometer, 421
- Gregg, I.**, A study of infective and other factors in exacerbations of chronic bronchitis, 228
- Guimaraes, S.**, Chemotherapy with three drugs in the treatment of small-cell carcinoma of the bronchus, 311
- Gulsvik, A.**, Lung function in healthy adults in the city of Oslo, 423
- Guy, K.**, The detection and significance of immune complexes and autoantibodies in lung cancer, 313
- Guz, A.**, Dyspnoea in 'pink puffers': the place of diazepam, 418
- Halliday, J. W.**, Prednisolone pharmacokinetics in asthmatic patients, 91
- Hamilton, Dave**, Acute effects of smoking a single cigarette on the airway resistance and the maximal and partial forced expiratory volume flow curves, 39
- Hamlin, Robert L.**, Sound transfer function of the congested canine lung, 23
- Handslip, P. D. J.**, Bronchodilator properties of inhaled clemastine, 420
- Harper, P.**, Epipodophyllotoxin (VP-16/213) in small-cell carcinoma of the bronchus resistant to initial combined chemotherapy, 312
- Harper, P. G.**, Chemotherapy with three drugs in the treatment of small-cell carcinoma of the bronchus, 311

SUBJECT INDEX

- Abram's needle for modified percutaneous pleural biopsy, 285
- Acetylcysteine, long-term, for chronic bronchitis, 318
- Admune influenza vaccine, antibody responses and clinical reactions to, 319
- Airflow obstruction
 - distribution of resistance, 418
 - reversal after nebulized salbutamol, 417
- Airways obstruction
 - and angina pectoris, nifedipine for, 417
 - atropine and ipratropium bromide compared in, 259
 - cardiorespiratory adjustments during exercise in, 421
 - effect of ipratropium bromide on lung function in, 135
 - ipratropium bromide by nebulizer in, 316
 - patients' assessment of corticosteroids in, 142
 - pirbuterol and salbutamol in, 70
- Allergic bronchopulmonary aspergillosis, cerebral aspergilloma in, 301
- Allergic bronchospasm and H₂ receptors, 314
- Alpha-1-antitrypsin deficiency and emphysema, 289
- Altitude, clara cells in llamas at, 75
- Aminophylline
 - and/or salbutamol by intravenous infusion in asthma, 385
 - sustained-release, in exercise-induced asthma, 420
- Amoxycillin in exacerbations of chronic bronchitis
 - compared to ampicillin, 379
 - compared to erythromycin and co-trimoxazole, 416
- Ampicillin compared to amoxycillin in exacerbations of chronic bronchitis, 379
- Amyloidosis
 - complicating cystic fibrosis, 84
 - treated by intermittent bronchoscopic resection, 183
- Angina pectoris and airways obstruction, nifedipine in, 417
- Angio-immunoblastic lymphadenopathy, pulmonary and pleural involvement in, 296
- Antibody responses to influenza vaccine, 319
- Anticholinergic blockade, effects of, in exercise-induced asthma, 315
- Apnoea, sleep, in diabetics with autonomic neuropathy, 422
- Arthritis, acute gouty, after ethambutol, 409
- Asbestos and non-malignant pleural disease, 418
- Asthma
 - beclomethasone dipropionate in
 - by aerosol or powder, 419
 - with salbutamol, 321
- Asthma (*continued*)
 - beclomethasone dipropionate in (*continued*)
 - two methods of administration, 175
 - cusum analysis in, 169
 - effect of sulphur dioxide in food on, 128
 - exercise-induced
 - effects of anticholinergic H₁ receptor blockade in, 315
 - ketitofen in, 389
 - oral prophylaxis of, 319
 - sustained-release aminophylline in, 420
 - fenoterol and/or ipratropium bromide in, 416
 - fenoterol and terbutaline by IPPB in, 268
 - and gastro-oesophageal reflux, 420
 - genetic basis of sex differences in, 93
 - H₂ antagonists in, 315
 - indoramin in, 403
 - intravenous infusion of salbutamol and/or aminophylline in, 385
 - prednisolone pharmacokinetics in, 91
 - response of airway to exercise testing in, 155
 - severe, patterns of recovery from, 316
 - smoking in, 279
 - in workers with epoxy adhesive, 149
- Aspergilloma, cerebral, in allergic bronchopulmonary aspergillosis, 301
- Aspergillosis
 - allergic bronchopulmonary, cerebral aspergilloma in, 301
 - pulmonary, in leukaemia, 415
- Aspiration, transtracheal, in diagnosis of *Nocardia pneumonia*, 287
- Atopy in workers with an epoxy adhesive, 149
- Atropine compared to ipratropium bromide in airways obstruction, 259
- Autoantibodies in lung cancer, 313
- Autonomic neuropathy and sleep apnoea in diabetics, 422
- BCG
 - immunotherapy with
 - after resection of bronchogenic carcinoma, 423
 - and levamisole after irradiation for bronchial carcinoma, 424
 - vaccination with
 - current status, 309
 - effectiveness in Great Britain, 215
 - technical aspects, 309
- Beclomethasone dipropionate
 - by aerosol or powder in asthma, 419
 - in perennial rhinitis, 32
 - and salbutamol in asthma, 321
 - two methods of administration compared in asthma, 175

- Biopsy
 of lung
 rigid and fibreoptic bronchoscopes compared for, 81
 transbronchial, in diagnosis of sarcoidosis, 320
 of pleura, modified percutaneous, using Abram's needle, 285
- Blood-gas disturbance and prednisolone metabolism, 422
- Bone marrow toxicity with epipodophyllotoxin in lung cancer, 313
- Bowel disease, inflammatory, and bronchial suppuration, 311
- Breathlessness, computer simulation of, 47
- Bronchial artery embolization for haemoptysis in cystic fibrosis, pathological study of, 345
- Bronchial carcinoma
 BCG and levamisole after irradiation for, 424
 double primary tumours, 321
 lung function in, 253
 pneumothorax associated with, 180
 small-cell
 chemotherapy of, 311
 epipodophyllotoxin for, 312
- Bronchial suppuration and inflammatory bowel disease, 311
- Bronchitis, chronic
 antibody responses and clinical reactions to influenza vaccine in, 319
 carbon monoxide and walking distance in, 320
 effect of sputum viscosity on lung function in, 417
 exacerbations of
 ampicillin and amoxycillin compared in, 379
 erythromycin, co-trimoxazole and ampicillin compared in, 416
 factors in, 228
 fenoterol and/or ipratropium bromide in, 416
 live influenza virus vaccine in, 121
 long-term acetylcysteine for, 318
- Bronchoalveolar lavage for preparation of free lung cells, 273
- Bronchodilation by clemastine, 420
- Bronchogenic carcinoma
 BCG immunotherapy after resection of, 423
 gonadotropin-secreting, 87
- Bronchopulmonary aspergillosis, allergic, cerebral aspergilloma in, 301
- Bronchoscopy
 fibreoptic
 cardiac dysrhythmias during, 418
 in diagnosis of sarcoidosis, 320
 resection of amyloidosis lesions by, 183
 rigid and flexible, compared for lung biopsy, 81
- Bronchospasm, allergic, and H₂ receptors, 314
- Cancer, *see specific tumour or site*
- Carbon monoxide and walking distance in bronchitis and emphysema, 320
- Carcinoembryonic antigen
 and lung cancer, 423
 and survival after resection of lung cancer, 390
- Carcinoma
 bronchogenic
 gonadotropin-secreting, 87
 BCG immunotherapy after resection of, 423
 of bronchus
 BCG and levamisole after irradiation for, 424
 double primary tumours, 321
 lung function in, 253
 pneumothorax associated with, 180
 small-cell, chemotherapy for, 311
 small-cell, epipodophyllotoxin for, 312
- Cardiac dysrhythmias during fibreoptic bronchoscopy, effect of premedication with oxprenolol, 418
- Cardiorespiratory adjustments during exercise in airways obstruction, 421
- Cavitation of lung in rheumatoid disease, 263
- Cefuroxime, penetration of, into pleural fluid, 416
- Cerebral aspergilloma in allergic bronchopulmonary aspergillosis, 301

 Pleura
 infection of, with *Corynebacterium striatum*, 198
 involvement of, in angio-immunoblastic lymphadenopathy, 296
 Pleural biopsy, modified percutaneous, using Abram's needle, 285
 Pleural disease
 non-malignant, and asbestos, 418
 ultrasound in diagnosis and management of, 353
 Pleural effusion
 fibrinogen degradation products in, 164
 malignant, treated with *Corynebacterium parvum*, 313
 Pleural fluid, penetration of cefuroxime into, 416
 Pneumonia, *Nocardia*, diagnosed by transtracheal aspiration, 287
 Pneumothorax
 associated with bronchial carcinoma, 180
 spontaneous, in Hodgkin's disease, 411
 Porphyria cutanea tarda induced by rifampicin, 405
 Prednisolone
 metabolism of, and blood gas disturbance, 422
 pharmacokinetics of, in asthmatics, 91
 Propranolol and giving up smoking, 95

- Pulmonary stenosis, cystic thymoma simulating, 193
- Pulmonary tuberculosis, *see* Tuberculosis
- Radiography
 changes on, in coalminers, 310
 pathology of small rounded opacities shown on, 310
- Radiotherapy
 BCG and levamisole after, for bronchial carcinoma, 424
 effect of, on survival after resection for bronchial carcinoma, 423
- Reflux, gastro-oesophageal, 420
- Resection
 of amyloidosis, intermittent bronchoscopic, 183
 of bronchial carcinoma, double primary tumours discovered at, 321
 of bronchogenic carcinoma, BCG immunotherapy after, 423
 of lung cancer, CEA and survival after, 390
- Rheumatoid disease, lung fibrosis and cavitation in, 263
- Rhinitis
 flunisolide, placebo and beclomethasone compared in, 32
 response of airway to exercise testing in, 155
- Rifampicin inducing porphyria cutanea tarda, 405
- Salbutamol
 in airway obstruction, 70
 and/or aminophylline by intravenous infusion in asthma, 385
 and beclomethasone dipropionate in asthma, 321
 metabolic responses to, 316
 reversal of airflow obstruction by, 417
- Sarcoidosis
 ethnic differences in clinical features of, 63
 lung biopsy and other diagnostic techniques for, 320
 unusual presentations of, 203
- Scoliosis, effect of spinal fusion on lung function in, 310
- Sex differences in asthma, genetic basis of, 93
- Skin test reactions in hay fever, 318
- Sleep apnoea in diabetics with autonomic neuropathy, 422
- Smokers, antibody responses and clinical reactions to influenza vaccine in, 319
- Smoking
 in asthma, 279
 behaviour, 325
 effects of, on airway resistance and flow-volume curves, 37
 propranolol and giving up, 95
- Sound transfer function of congested canine lung, 23
- Spinal fusion for scoliosis, effect of, on lung function, 310
- Spirometer, Vitalograph, flow-volume indices obtained with, 421
- Sputum viscosity, effect of, on lung function in chronic bronchitis, 417
- Stenosis, pulmonary, cystic thymoma simulating, 193
- Sulphur dioxide in food, effect of, on asthma, 128
- Suppuration, chronic bronchial, and inflammatory bowel disease, 311
- Sweat test for diagnosis of cystic fibrosis in adults, 419
- Terbutaline compared with fenoterol by IPPB in asthma, 268
- Thymoma, cystic, simulating pulmonary stenosis, 193
- Tine tests and skin tests for tuberculosis, 309
- Tuberculosis
 BCG vaccine against
 current status, 309
 effectiveness of, in Great Britain, 215
 technical aspects, 309
 chemoprophylaxis, 310
 discovered at post mortem in black miners, 374
 hypercalcaemia and hypercalciuria associated with, 201
 isoniazid and ethambutol for continuation chemotherapy for, 416
 in North Lincolnshire, 424
 short-course chemotherapy, 309
 six-month chemotherapy, 415
 skin tests and tine tests, 309
 of superficial lymph nodes, 369
- Ultrasound in diagnosis and management of pleural disease, 353
- Vaccine
 BGC
 after surgical resection for bronchogenic carcinoma, 423
 current status, 309
 effectiveness of, in Great Britain, 215
 technical aspects, 309
 influenza
 antibody responses and clinical reactions to, 319
 in chronic bronchitis, 121
 limited extract, for hay fever, 318
 Vitalograph spirometer, flow-volume indices obtained with, 421
 VP 16/213, *see* Epipodophyllotoxin
- Walking distance, carbon monoxide and, in bronchitis and emphysema, 320
